

Project No. 2018-1-HR01-KA204-047433

## Newsletter #2, September 2019

### In this issue:

- What is AUDiD?
- AUDiD goes to Zalec (SLO)
- AUDiD national workshops

### What is AUDiD?

AUDiD - Adults, Data, and emerging Identities - is a European project for adult education co-funded by the Erasmus plus programme. The project focuses on online identity protection while its main objective is to encourage adults to develop a conscious and responsible online behaviour by providing them with digital skills related primarily to data management and identity theft.

### AUDiD goes to Zalec (SLO)

After the successful roll out of the second transnational meeting in Milan (IT), AUDiD held its third project meet up in Zalec (SLO). The third project meeting initially focused on reviewing the contents of the Online Environment; four educational modules (Identity Theories, Online Identities and Profiling, Online safety and prevention, Guide for trainers) supported by instructional videos, quizzes and skill-assessing

The 3<sup>rd</sup> transnational meeting took place in Zalec (Slovenia), hosted by UPI-LJUDSKA UNIVERZA ŽALEC

### AUDID national workshops

From December 2019 to late March 2020, AUDID project travelled across Europe to promote its curriculum and learning objectives. From Portugal to Slovenia and from Croatia to Greece, AUDID partnership organized a series of hands-on workshops engaging individuals from the project target group. Workshops displayed a core focus on the selected topics of the modules while at the same time provided an excellent opportunity to navigate the Online Environment and Dynamic Demonstrator.

assignments.

Following the progress evaluation of the Online Environment, CIVIC proceeded with presenting the first version of the Dynamic Demonstrator; a digital tool comprising of introductions to each module, real-life scenarios and last but not least, the references used for producing each module and case. The meeting agenda also included the review of the Open Badges validation system and the ‘Academy Virtual Space’ specificities. Representatives from COIN re-addressed the purpose of the Intellectual Output as a whole along with its mission to act as a feature of live support to both the direct and indirect target groups.

The 3<sup>rd</sup> transnational meeting of AUDID – ADults, Data and emerging IDentities

The meeting agenda also touched upon the allocation of the dissemination

activities and the overall project quality assurance monitoring. The partners concluded with the programming of the project workshops in the partner countries and the budget adaptation for the joint LTTA and meeting in Athens(GR).
